TABELLE CONTRIBUTIVE Scuola Primaria Paritaria ex Parificata

Nella complessità dei rapporti con gli Enti Previdenziali, si ritiene opportuno ripercorrere le particolarità che riguardano i versamenti contributivi previdenziali delle Scuole Ex Parificate che, ancora oggi, si versano all'INPDAP.

Si ritiene necessario ribadire che:

- ❖ *per gli insegnanti dipendenti delle Ex Scuole Elementari Parificate (ora Scuole Paritarie) in forza al mese di settembre 2008 si deve continuare il versamento dei contributi previdenziali all'INPDAP.*
- ❖ *Per quelli assunti successivamente a tale data, poiché le nostre scuole sono gestite da Enti privati i versamenti contributivi verranno effettuati per tutti all'INPS.*
- ❖ *Inoltre, il Decreto n. 83/2008 non prevede più l'obbligo dei versamenti previdenziali all'INPDAP per gli insegnanti della scuola elementare poiché rientrano nella classificazione di Scuola Paritaria.*

La riforma pensionistica L. 335/1995 passa dal sistema retributivo a quello contributivo per tutti i lavoratori dipendenti estendendolo anche ai dipendenti della pubblica Amministrazione. I nostri docenti delle Scuole Elementari Ex Parificate erano considerati come dipendenti della Pubblica Amministrazione e quindi vigeva l'obbligo di essere iscritti, prima alla C.P.I. (Cassa Pensioni Insegnanti) e successivamente all'INPDAP.

Per questa categoria di insegnanti i versamenti previdenziali venivano effettuati sulla base di Tabelle concordate tra AGIDAE e il Ministero del Tesoro. Con l'entrata in vigore della riforma pensionistica il riferimento per calcolo dei contributi diventa la retribuzione globale realmente percepita dai lavoratori che tiene conto di tutte le sue componenti. Le Tabelle precedentemente concordate non hanno più ragione d'essere.

Per i Religiosi che insegnano presso le scuole della propria Congregazione e per il clero diocesano che insegna presso le scuole diocesane, *non essendoci un rapporto di lavoro dipendente si continua a fare riferimento alle Tabelle che AGIDAE, nel tempo, ha continuato a pubblicare. Le stesse tengono conto dell'anzianità di prestazione e del consolidamento di tutti gli elementi retributivi allora vigenti.*

Dopo tanti anni e a seguito del congelamento dei Superminimi delle Ex Categorie al 31/12/2005, gli importi delle tabelle considerano solo gli elementi tabellari della retribuzione e recepiscono gli aumenti contrattuali nei tempi e nella misura stabiliti dai rinnovi del CCNL. L'importo complessivo annuo per il calcolo dei contributi prevede tredici mensilità cioè tredicesima compresa.

Gli Istituti che hanno dipendenti iscritti all'INPDAP e per i quali vi si versano i relativi contributi, si tengano presenti le seguenti aliquote:

Cassa Pensione Insegnanti:	32,65% i cui 8,89% a carico del dipendente
Fondo Credito	0,35% a totale carico del dipendente.

Per l'anno 2023 continua ad applicarsi lo sgravio contributivo previsto dalla legge 197/2022 a valere sulla quota a carico dei dipendenti nella misura del 2% se la retribuzione imponibile ai fini previdenziali, parametrati su 13 mensilità, non supera € 2.692,00, che passa al 3% se la retribuzione mensile non supera l'importo di € 1923,00. Per quello che concerne le/i religiose/i, si ritiene abbiano lo stesso diritto dei dipendenti di usufruire dello sgravio di cui sopra.

Nulla è cambiato, invece, per il regime dei contributi assistenziali.
